Part B for September 1916.

SUBJECT.

Proposals for the improvement of the female dispensary at Chikmagalur and for the construction of maternities in certain places for employment and for training midwives and Compounders in the Mahrad

---

To The Senior Surgeon in Mysore
No 1697 dt. 29.9.16

States that Govt propose to open only four maternities in the Mahrad during the year 1916–17 subject to certain conditions and requests the Senior Surgeon to report where he would propose the maternities to be started this year after once again consulting the Local Boards as regards their share of the initial expenses.

Scheme for the improvement of ~~Medical institutions~~ in the Malnad

From

The Senior Surgeon.

No. Q 410 Dated 1.4.14 Received 3.4.14

Diary No. 5658	Enclos.	Spare Copies.	Serial No. 37

BRIEF ABSTRACT OF LETTER.

Recommends the improvement of the Female dispensary at Chickmagalur and the Construction of Matonnites in certain places on the Scale sugg and Submits also proposals in the matter of training Mudavvies as Compounders for employment in the malnad.

NOTES AND ORDERS.

The cost of improving the female dispensary at Chickmagalur has, according to the Standing orders to be met from the Distt. Munl and Rural funds in equal proportions

2) It is a question whether the Distt and Munl Board

36 To allot such a large sum as Rs.90,000 in the Public Works Budget for the works referred to will not be possible unless it be at the expense of the other Departments of the State. The expenditure will have to be spread over a period of 5 or 6 years at the least, unless Government are prepared to allot special grants for the purpose. Moreover the cost of the buildings will have to be borne by the Provincial, Municipal and District Funds in equal proportion. The Presidents of the Boards concerned may therefore be addressed if their share of cost could be made available from their budgets.

37 2. As the scheme is one that demands urgent attention, it is suggested for the consideration of Government whether it may not be appropriate to charge the entire cost to the special provision sanctioned for Malnad Improvements in view to expedite matters. The Government will then be in a position to know the total outlay incurred on the scheme.

For Offg: Chief Engineer of Mysore.

Medical and Sanitary help from Govt in common with the other Districts of the State. But on account of certain special causes, such as, depopulation, unhealthiness, tea., in those tracts, special help has been given in the shape of a Malnad Improvement grant of one lakh of rupees during the current & next 2 years. This grant will cease from 1917-18.

82 In the proposed draft it is intended to allot a sum of Rs 90,000 from the State Funds for constructing maternity buildings at 7 places, which are municipalities the recurring charges being borne by the Govt and of Funds and the allotment being spread over 3 years from 1915-16. Whether the allotment is to be out of the Malnad Impt Grant or not, is not clear. If it is, the amount can only be spread over 2 and not 3 years. If it is not, a further sum of Rs 90,000 will have to be added to the M.I.G. and spread over 3 years as proposed by the Chief Engineer in para 27 above. In the latter case it is a point for consideration whether addition can be made to the M.I.G. in the present financial condition of the State.

It is not known by what amount this will be reduced by reversing the Estimates as proposed in para 3 of the Dft.

83 As the proposed maternities are

NOTE—Contn. sheet.

GPB—25,000—2-11-14

Serial No.

expected to benefit the local areas more than others, it may not be unfair to expect the local boards and municipalities to make some sacrifice of other needs and contribute the required amount. If the amount contributed is not enough the Govt. can come to the rescue. As some of the municipalities have already expressed their willingness to contribute it may not be unfair to expect others to do so.

X Kottya Rs 1500 / Kudapore 1000

84 The proposed scheme is found in the Sr Surgeon's letter dated 16.6.14 flagged B/1115 and is Estimated to Cost as follows:-

808 (Cost of opening Maternities at 8 places Rs 90,000.

Stipends to 32 ~~Pupil~~ Pupil Midwives 32 Rs p/m.

9 Pupil Compounders for 6 months absent at 7 Rs p/m. 400 Rs

85 The estimated Expr is incomplete as it does not include the cost of furniture, the charges of Establishment etc when maternities are opened & the cost of medicines etc - Until an accurate idea of ~~etc~~ the total Expr is obtained, it would be inexpedient to sanction the Scheme.

86 As pointed out in paras 74 & 75 above, there is more need for trained

med File No. 24 of 191 3.-4

Serial No.

of maternities at 7 places while his letter of 16th June 14 only gives an estimate of the cost of buildings required for the maternities proposed by him. He not states who will be in charge of these maternities; whether the Sub Assistant Surgeon in charge of the dispensaries at those places or whether it is intended to employ fully qualified women to be in charge of these institutions. No details of the establishment and equipment of these maternities are given and neither the Board's nor Govt home nor any idea of the additional recurring expenditure which the proposal involves.

91 If the establishment of maternities at the places coming under the malvan scheme is considered quite necessary the Cost of the buildings required therefor should come out of the Grant for malvan improvements. This measure is certainly a part of that Scheme & its Cost should be met from the Grant allowed for it. The Senior Surgeon also appears to be prepared to find the amount from his budget vide para 5 of his letter of 14.14.

In any case there does not appear to be any necessity to sanction a special and separate grant for construction of the buildings in question.

92 As pointed out by the Assistant Secy there is no reason why the District Municipal Boards should not be required to bear their shares of the cost of these buildings. It is necessary to examine the financial condition of each Board and all those Boards that can afford to bear this legitimate charge on them should be required to contribute their shares.

93 As regards the necessity for the establishment of these maternities I entertain the same doubts as Mr D'Souza. Vide paras 3 of this note & 10 12-14. What is wanted is an arrangement for training a large no of dais women as midwives, drawn from the different parts of the Mofussil. If an attractive allowance is given it may be possible to induce women to receive training and on each to practice their profession as qualified midwives.

G. R. S. 12]

General and Revenue Secretariat. | Hud File No. 24 of 1913-14

Serial No.

whether quarters for pupil midwives are necessary. It is stated that these pupils will after training be allowed to practise midwifery in their villages as private practitioners without being borne on the Deptt (Vide para 6 of the S. Surgeon's letter No 410 dt. 1-4-1914). Though 4 pupil midwives will be attached to each maternity for training, quarters for them are proposed to be built only in 3 places – Hassan, Chikmagalur and Shimoga. This shows that quarters for them are not quite necessary. If this view be accepted, the amount of Rs 88700 may be reduced by about Rs 20370 resulting in a net cost on buildings of Rs 68410.

With reference to point no 2. attention is invited to para 91 of these notes wherein the H Secy has remarked that the cost is properly debitable to the Imp. P. grant.

136) The details of equipment to each maternity home not been furnished.

137 As regards the recurring charges the cost of establishment etc for each maternity it is submitted that the maternity

In the above circs, the scale of estbt charges proposed seems suitable.

138) It is however a matter for consideration whether it is not desirable to open maternities only in two or three places in the first instance as an experimental measure and train midwives there.

DMH
1-4-16

139) The scheme involves non-recurring Exp to the extent of 90,000 Rs & recurring Exp to the extent of 18,000 a year. Very little is promised by the DC & ML Boards. In view of the fact that according to the last Triennial Forecast, there ~~does not~~ is no scope for incurring further non productive Exp it is for consideration if the Exp may not be reduced substantially by 1) omitting quarters for midwives & 2) by opening these institutions in only a few places. As compared with the scale of Exp in a Dt. Dispensary the Scale proposed for the Maternities appears to be high.

(Illegible)

Re. 5/4

1556

140) I think the scheme proposed by the Senior Surgeon is deserving of favourable consideration subject to the following conditions:-

NOTE—Contn. sheet.

G. R. S. 12]

General and Revenue Secretariat. | Med File No. 14 of 1913-4

Serial No.

(a) That the local bodies concerned should be made to bear their respective shares of both initial & recurring charges.

From the figures given in paras 2 & 3 of the Senior Surgeon's letter it will be seen that the amount is not excessively high in any case.

If on account of the contribution for initial charges a minus balance results in any case no interest maybe charged if it is wiped out within two years.

The local bodies may submit proposals regarding ~~to~~ addl taxation e.g. new items of octroi, new toll gates &c and other sources of revenue if necessary to enable them to bear the entire charges & such proposals should be sympathetically considered.

(b) That the maternities be placed in charge of experienced mid wives under the general supervision of the local Sub-Asst Surgeons & the costly Lady Apothecaries be dispensed with.

(c) That the scheme be brought into operation as funds permit. With this view the question maybe brought up at budget time to see how far funds can be provided in 1914-15.

As the Malnad Improvement fund

NOTE—Contn. sheet.

The proposals of the Senior Surgeon may be approved subject to the following :—

A : The scheme should be applied only to such local bodies as are willing to bear the recurring charges under the standing rules:

B Even such local bodies should contribute as per rules, their quota towards capital cost. If they are not able to find the money at once the suggestions of the Financial Secy made in clause (a) on page 36 may be adopted or loans to the necessary extent advanced by Govt to the local bodies concerned at 5% interest.

C. Provision should be made separately for the cost to be borne by Govt: as it cannot be met out of either the normal Dist fund or the normal Taluk Dispy fund.

147) The discussion is now fairly complete. The questions raised may be discussed & settled at a meeting of the Council, if approved.

General and Revenue Secretariat. | Misl. File No. 94 of 1913-14

Serial No. 148)

The cost of buildings for the proposed maternities may be materially reduced by omitting the provision made for quarters for medical pupils. For the present, the pupils may be left to find accommodation for themselves.

2. The Local Boards concerned should of course bear the recurring charges. As regards the initial charges, some consideration may be shown to such of them as are in an impecunious condition, by levying only as much as they can afford to pay either out of their closing balance or by borrowing and making good the balance partly by increasing the Provincial share and partly out of a grant from the Malnad Improvement Fund not exceeding one tenth of the total allotment. This has to be decided by examining the financial condition of each Local Board.

3. No additional grant seems to be required either to the P.W. budget or to the Malnad Improvement Fund. If necessary, the expenditure may be spread over two or three years.

149) yes. This maybe brought up at a Council meeting.

---

7. SUBJECT.-(Outside the Schedule).

Proposals for the establishment of maternities etc., in selected places in the Malnad tracts in connection with the improvement of the Malnad.

OPINION OF THE COUNCIL.

Four maternities may be started in the Malnad during the current year.

One-third of the capital cost may be spared out of the Malnad Improvement grant, the District Boards and Municipalities concerned each bearing one-third of such cost.

The recurring expenditure may be borne by the local bodies concerned according to existing practice.

No quarters need be built for pupil midwives at present.

FINAL NOTE.

The accompanying papers relate to a proposal of the Senior Surgeon in connection with the Malnad Improvement Scheme viz, to improve the Female Dispensary at Chikmagalur and construct maternities in the marginally noted Malnad places of Shimoga, Kadur and Hassan Districts. The estimated initial cost of the proposal comes up to Rs.90,000/- and the recurring maintenance and other charges to Rs.18,000/- per annum, as stated in the Senior Surgeon's letter dated 1st February 1916 and shown in detail in the statements appended to it.

3. Kallurkatte
4. Thirthahalli
5. Koppa
6. Mudgere
7. Hassan
8. Saklespur

Paper ✓ dey Inspnl

Page 35 ✓ 36 of office note

The Financial Department have no objection to the proposal if the local bodies concerned (viz, Municipal Councils and District Boards) will bear their share of the charges -initial and recurring. All of them in a body plead inability to bear their share of the initial cost and while some are willing to bear their share of the recurring charges, others plead their inability to do this even. It is not possible for the Malnad Improvement Committees to bear these charges out of their funds. The initial cost can be materially reduced by omitting the provision for pupil-midwives' quarters and it seemed to me that this might be done. I was also of opinion that provided the local boards were willing to bear the recurring charges, such of them as are in an impecunious condition might be assisted by reducing their share of the initial charges, the difference being made up by a grant from the Malnad Improvement Funds or an increased grant from Provincial

42 (44)

Provincial Funds.

Office of Senior Surgeon, Mysore Govt.,

Dated, Bangalore, 1 - 4 - 1914

D 565-8
Med Pu-13-37

From Rao Bahadur T.V Arumugam Mudaliar, Esq., M.B.C.M.,
~~R. S. Achyuta Rao, Esquire,~~
Senior Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To
K. R. Srinivasa Iyengar, Esq., M.A.,
Secretary to the Government of
H. H. the Maharaja of Mysore, Genl. and Rev. Deptts.,
Bangalore.

Sir,

Having recently visited the malnad taluks of the Kadur and Shimoga Districts, I have the honor to bring to the notice of Government that the number of deaths from child-birth in these tracts is very large and this is one of the chief factors contributing to the depopulation of the malnad. The only remedy that naturally suggests itself against this evil is the establishment of Maternities and the entertainment of a larger number of qualified Midwives for duty in the malnad.

2. I therefore recommend the improvement of the Female Dispensary at Chickamagalur and the construction of Maternities in (1) Shimoga, (2) Sagar, (3) Kallurkatte, (4) Thirthahally, (5) Koppa, (6) Moodigere ,.and (7) Saklespur, on the following scale.

(1) Shimoga.- A small building to accommodate 8 patients, with a small labour ward, with front and back veranda ; two rooms for waiting women, a kitchen, and four rooms for occupation by the Midwives.

(2) Sagar.- The Female Dispensary building which is nearing completion, may well be adapted for a Maternity,

Despatched

Received

General No. G. 410
No.

Enclosure No.

SUBJECT.

Suggesting the establishment of Maternities and the entertainment of qualified Midwives for duty in the Madras Taluk of the Kadur & Shimoga Dists

two of its rooms being used as maternity wards. Only four small rooms have to be constructed for the use of the Midwives to be entertained.

(3) Kallurkatte, (4) Thirthahalli, (5) Koppa, (6) Moodigere, (7) Saklespur.- A Maternity at each station for 8 patients, with a labour ward, with front and back veranda, a small kitchen and a bath room; 6 small rooms in 3 blocks (2 for waiting women and the remaining 4 for the Midwives to be entertained) and a small latrine.

3. There are at present several females practising midwifery in their crude way in the various communities residing in these malnad parts of the Province, and I am informed that many of them would be too glad to go through a course of regular training if only such training could be given nearer their homes than at a far away place like Bangalore or Mysore. In this connection I may say that it has been found difficult to induce qualified Midwives trained in these Cities to go to work in the interior parts of the malnad districts.

4. I therefore recommend that at each of the above noted places where I have recommended the establishment of Maternities, 4 pupil midwives be selected from among the different communities inhabiting the malnad district, and be given training under the local qualified Midwife and the Medical Officer in charge of the Dispensary, for a period of 6 months, a subsistence allowance of Rs 10 per month being offered to each during this period of training. If labour cases are not available in the Maternity wards, during these six months, these pupils will attend the labour cases in the town with the Municipal Midwife. They will be taught the management of ~~the~~ a natural labour and of the puerperal women during the first four weeks following their confinement, as well as the care and management of babies.

5. It may be desirable to complete the construction of these Maternities before the monsoon begins, i.e., early in June. As no funds for the purpose are available in the current year's budget of the Medical Department, I beg that the

necessary

necessary amount may be spared from the sanctioned allotment in connection with the Malnad Improvement Scheme and the same reckoned as a debt on the Medical Department, to be adjusted in future budgets.

6. After their training is over these Midwives will be allowed to practice Midwifery in their respective villages and among their communities as private practitioners, without being borne on the Department.

7. Another important matter that deserves IMMEDIATE attention is the training of 3 compounders at each of the 3 District Head Quarters* for a period of 6 months on a subsistence allowance of Rs 7 each per month. I am experiencing great difficulties in securing the services of trained Compounders for vacancies in the malnad. It is therefore necessary to have locally trained men. These Compounders will be valuable assistants to the medical subordinates who may be placed in charge of the itenerant dispensaries to be hereafter established in these tracts, in distributing quinine & other common remedies, besides being available as relieving hands.

* Chickmagalur Shimoga, and Hassan.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon, Mysore Government.

Sir,

Adverting to para 4 of Government Order No.11374-80 Med. 24-13 dated 12th May 1914, I have the honor to forward herewith a statement showing the probable total cost on account of buildings required for the Maternities & Midwives' quarters to be constructed at the several places mentioned in my letter No. G 410 dated 1st April 1914. The figures are based on the rough estimates furnished by the Executive Engineers of the respective Divisions. The total cost comes roughly to Rs 90,000.

2. The total monthly cost on account of stipends at Rs 10/- to each of the 32 Pupil Midwives to be trained at the 8 centres, is Rs 320 or for the whole period of 6 months is Rs 1920 or say Rs 2000/-. The cost on account of stipends to the 9 Pupil Compounders for 6 months at Rs 7/- each, will come to Rs 378 or say Rs 400/-.

3. I request that the cost on account of stipends to the Pupil Midwives and Compounders may be ordered to be met from the funds at the disposal of the District Committees for the Malnad Improvement, as no provision has been made for it in the next year's Medical Budget. The cost on account of

Exct. Proc. 224-13-1

Proceedings of the Second Meeting of the Kadur District Committee during the year 1914-15 for the Improvement of the Malnad, held at Chikmagalur on the 12th September 1914.

× × × × × ×

IV. Read letter No. 1285/Med: 24-13, dated 3rd August 1914 from the General and Revenue Secretary, forwarding Copy of an Estimate for Rs 2,800/- received from the Senior Surgeon for the Construction of Maternities at Koppa and Mudigere and for the improvement of the Female Dispensary at Chikmagalur and Calling for a report as to whether the Cost can be met from the Malnad Improvement Fund in two or three yearly instalments

The Committee, while considering that these works are very desirable and necessary for the people of the respective Malnad Areas, are of opinion that with the funds at their disposal for the current year, it is not possible to undertake the Construction of Maternities

at Koppa and Mudgere and of improving the ~~Dab~~ Female Dispensary at Chikmagalur. They have, therefore resolved that Government be earnestly requested to treat these works as Special 'works proper' referred to in Para 8 of the Government Proceedings No. 1929-39 Med. 24-13-118 dated 20th August 1914 and to make a Special grant for this purpose.

To,

D.M. Narasinga Rao Esquire., B.A.B.L.,
Officiating Secretary to the Government of Mysore,
General and Revenue Departments,
B A N G A L O R E.

Sir,

Referring to your No. 1285 Med 24-13 dated 3rd August 1914 forwarding a copy of an estimate received from the Senior Surgeon for improving the Female Dispensary at Chikmagalur and constructing maternities in certain places in the malnad with a view to consult the Malnad Improvement Committees as to whether the cost of the buildings in question can be met from the Malnad Improvement grant in 2 or 3 yearly instalments, I have the honor to state that the Hassan District Committee considers that no more than a moiety of Rs 9000/- the estimated cost for constructing maternity wards and midwives' quarters at Sakalespur can be met out of the Malnad Improvement funds.

While the opinions of the Shimoga and Kadur District Com--mittees as regards the works in the Malnad portions of their respective districts are, that the cost cannot be met from the present limited funds at their disposal and that special grants as per para 8 of the Government order No.1929-39 Med 24-13-118 dated 20th August 1914 are necessary for the purpose.

Further, the Shimoga District Committee is of opinion that the question of meeting the cost of maternity at Shimoga need not be considered by the Committee as the same is out--side the scope of the Malnad Improvement Scheme.

Copies of the resolutions of the 3 District Committees on the subject in question are herewith submitted for re-ference.

I have the honor to be,

Sir,

Your most obedient servant,

Special Revenue Officer,

Malnad Improvement,

Shimoga.

READ:-

Letter No. 1282-4/MED. 24-13 dated 1st August 1914 from the Secretary to Government General and Revenue Departments stating that the cost of constructing Midwives quarters is estimated at Rs. 10000/- and enquiring whether the Municipal Board will contribute a third of the cost of constructing them.

RESOLUTION.

This is very desirable and there is great necessity for it but the whole question is one of Funds .The Municipality at present has a Water Supply and a drainage Scheme under consideration and can ill spare any Funds. But as this question is

is engaging the serious attention of the Malnad Improve-
-ment Committee, it is requested that the quota may be
paid out of its funds.

READ:-

Letter No. 1282-4/MED. 24-13 dated 1st August 1914 from the Secretary to Government General and Revenue Depart-

Departments stating that the cost of constructing Midwives quarters and Kitchen and latrine at Chikmagalur Koppa and Mudigere is estimated to cost Rs. 28000/- and enquiring - whether the District Board will contribute a third of the cost.

RESOLUTION. The closing balance that is estimated to remain at the close of the year 1914-1915 at the credit of the District Board as per sanctioned budget would be only Rs. 8320/- which al--so includes the balance at the credit of the several Unions. This sum hardly exceeds the minimum working balance required to be main--tained as per Local Boards Rules. Hence the Board regret that they are unable to contribute anything towards the construction of the buildings and suggest that it may be paid out of the Funds at the disposal of the Malnad Improvement Committee under which Committee the important question of providing such adequate relief is now under consideration. The recurring charges of the maintenance of these institutions will be a sufficient burden to the Board in fu--ture years.

Sir, Med 24-13 Sec 13/

With reference to your letter No. 1282-4/Med 24-13 dated 1st August 1914 enquiring whether the District Board and the Municipal Boards of Shimoga, Sagar, Kallurkatte and Thirthahally will pay their quota of cost for constructing maternity Hospitals at these places, I have the honour to state that the subject was placed before the District Board at its meeting held on the 5th September 1914 when the following resolution was passed.

"Resolved that the construction of maternity hospitals at these places is an urgent necessity, that the cost of the buildings at Sagar, Thirthahalli and Kallurkatte may properly come out of Talnad Improvement Funds and that for the one at Shimoga the Head quarters of the District, the Government be moved to make a grant of the entire cost. The District Board is ready to meet itsquota of the maintenance charges".

2. The resolutions of the Municipal Boards concerned will have been called for and be submitted on receipt.

Sir,

With reference to your letter No. 1080-4/Med 24-13 dated 1st August 1914 and in continuation of this office letter No. 65 dated 7th September 1914 regarding the payment of the quota of cost for the construction of Maternities at Shimoga, Sagar, Kallurkatte and Thirthahalli, I have the honour to state that the Municipal Council of Shimoga have resolved that since the proposed Maternity would serve the interests of the entire District of which the Shimoga town forms but a small part, the Government be requested to bear the entire cost thereof in as much as they have been generous enough to build the Female Dispensary at their own cost and as the Maternity is a necessary appendage to it.

The Municipal Boards of Kallurkatte and Thirthahalli have resolved that they are unable to bear any portion of the cost of the building as their financial condition does not admit of the same and that they request that the building may be constructed at Government cost.

III Regarding the erection of
Read by Commr's order No. 502 dated 25-8-1916 forwarding Secretary's letter No. 1282-4 dated Mud 24-13 1st August 1914.

Regarding the erection of Maternity building at Thirthahalli

Resolved that though the Board admits that there is every necessity for the erection of maternity buildings at Thirthahalli, it is unable to bear any portion of the cost as its financial Conditions do not admit of the same

According to the sanctioned Budget, there will be a balance of Rs 13145

at the credit of the Municipality at the end of 1914-1915. The town badly suffers for want of water in the Summer and the Board have an idea of pumping water from the river and to supply pure water to the town through pipes. This costs a good deal The balance at the credit of the Municipality will be required to meet this charge. The Board requests that the Govt may be pleased to erect the buildings from Provincial funds. The Board is willing to bear its quota of the maintenance charges provided the Govt Board agrees to do the same.

Bangalore.

Sir,

With reference to your letter No. 1282-4/Med. 24-13 dated 3rd. August 1914 enquiring whether the Hassan District Board and the Sakalespur Municipal Board would contribute a third of the cost of constructing buildings for the proposed Maternity at Sakleapur and subsequent reminder thereon, I have the honour to state that when the subject was placed before the District Board at their meeting held on 17th. September 1914, a resolution was passed to the effect that owing to paucity of District Funds and in view of the fact that the cost of maintenance of the buildings will have to be met from a quota of District Funds, the entire cost of the construction of the buildings should be borne by the Malnad Improvement Scheme

A copy of the resolution is herewith submitted.

2. A copy of the resolution of the Municipal Board of Sakleapur dated 10th. November 1914 obtained in the matter is also herewith submitted from which it may be observed that owing to its poor financial condition, the Municipality is not in a position to contribute a third of the cost for the proposed construction of the building in question.

to form an idea of the total Cost of the proposed Scheme, (i) whether the medical officers in charge of the existing dispensaries or other qualified women doctors will be placed in charge of the proposed maternities (ii) what the initial and recurring charges on account of establishment and equipment will be and (iii) whether all the District and Municipal Boards Concerned are prepared to meet the maintenance charges in the proportions in which they now Contribute.

2. I am to state that the duty of providing medical relief devolves primarily on the District and Municipal Boards and to request you therefore to move the local bodies Concerned to Contribute a portion, if not the whole of their share of the cost of

Gen. & Rev. Deptts Bangalore.

Sir,

Adverting to your letter No. 6618/Med. 24-13-140 dated 25-2-1915, requiring certain information in connection with the establishment of Maternities in the malnad, I have the honor to state that except at Shimoga, ~~and~~ Chickamagalur and Sagar, where there are lady Medical Officers in charge of the existing Female Dispensaries, available for the charge of the future maternities, in other places, lady medical officers of at least the Apothecary grade will have to be newly appointed for the charge of the maternities to be established. What the initial and recurring charges on account of the proposed scheme will be and what portion of the same will be borne by the local bodies concerned, will be reported to Government on receipt of information from the boards concerned.

2. With reference to para 3 of your letter, I may state that the maternities are proposed to be opened in a few important centres and whatever the number of trained midwives available, the latter can never be expected to give to the public - of the poorer classes in particular

No. 20 Office of the Secretary, Central Committee,
Malnad Improvement Scheme,
Dated Shimoga, the 28th October 1915.

Medical 24-13-153.

From

S.N. Appanna Iyengar, Esquire, B.A.,B.L.,
Secretary, Central Committee,
Malnad Improvement Scheme, Shimoga.

To

D.M. Narasimga Rao, Esquire, B.A.,B.L.,
Secretary to the Government of Mysore,
General Department, Bangalore.

Sir,

I have the honor to state that it has been elicited from all enquiries into the causes of the depupulation in the malnad that the inordinate rate of deaths ~~xxxxx~~ at childbirth in the malnad, can to a great extent be brought under control by employment of qualified midwives. The Government have also in their Proceedings dated 24th February 1914 fully endorsed this conclusion and enjoined on the Committee to afford -- increased medical aid by midwives. But the Committee's -- efforts in this direction are restricted as the Sanitary Commissioner cannot conveniently provide accommodation for sufficient number of local women being trained in Midwifery.

2. Under this circumstance, it was considered necessary to discuss, at the last Central Committee Meeting held on the 4th instant "the feasibility of training local dayees in preference to the present system of sending a limited number of raw candidates to Bangalore and Mysore for training in Midwifery".

3. The Committee opines " that it is only by establishing maternities in the malnad that local 'dayees' could be trained.

To

The Secretary to the Government of
H. H. the Maharaja of Mysore,
General Deptt., Bangalore.

Sir,

In continuation of my letter No.G. 69 dated the 29th July 1915 on the subject of the establishment of Maternities in selected places in the malnad tracts, I have the honor to forward herewith, in original, (to be obligingly returned) the resolutions of the District and Municipal Boards concerned in the matter of their meeting their share of the initial and maintenance charges.

Necessity- It will be seen that, with the exception of the Hassan District Board and the Municipal Councils of Hassan and Saklespur, the remaining local bodies are unanimous in urging the necssity for establishing the Maternities in question.

Cost of buildings- Most of the local boards also plead their inability to contribute any part of the cost on buildings and pray that it may be met from the funds at the disposal of the Malnad Improvement Committee, the provision of medical relief being one of the primary objects of the scheme. The Municipalities of Koppa and Mudigere, however, are willing to contribute Rs 1500 and Rs 1000 respectively, towards the cost of buildings. The District Board of Hassan and the Municipal Boards of Hassan and Saklespur say that they are unable to contri-

No. G. 351

Encls. 14

Subject.

Re: the cost of establishing maternities in certain places in the Malnad tracts

contribute anything towards the initial or the maintenance charges on account of these Maternities.

2. A statement is enclosed showing the approximate cost on buildings and equipments of the Maternities, from which it will be seen that the total cost in the Shimoga District comes to Rs 43,270. If this is distributed among the several funds in accordance with the existing practice, Rs 13,124 will have to be borne by Provincial Funds and Rs 16,023 by the District Board of Shimoga, the Municipalities of Shimoga, Sagar, Kallurkatte and Thirthahally being respectively liable to pay Rs 6,940, Rs 717, Rs 3,083 and Rs 3,383. Similarly, the total cost for the Kadur District comes to Rs 28,750, of which Rs8,582 has to be met from the Provincial Funds, Rs 11,184 from the District Fund and Rs 4,150 by the Municipality of Chickamagalur, Rs 2,417 each by the Municipal Boards of Koppa and Mudigere. The total cost for the Hassan District comes to Rs 19,600, of which Rs 5,834 will be a legitimate charge on the Provincial Funds, and Rs 7,233 on the Hassan District Fund, the Municipal Boards of Hassan and Saklespur having to contribute Rs 3,483 and Rs 3,050 respectively. The total of the cost on buildings and equipment for the three districts together comes to Rs 91,620, of which only Rs 2500 have been promised by the Koppa and Mudigere Municipal Councils together.

Maintenance. 3. Another statement showing the additional recurring monthly charges that will have to be borne by the respective funds is enclosed. It will be seen therefrom that the District Boards of Shimoga, Kadur and Hassan will have to bear an additional cost of Rs 301, 313 and 134 a month, while the monthly additional charges to be borne by the several municipal boards will be as noted in the margin; The Municipalities of Kallurkatte, Koppa and Mudigere, which now bear no part of the cost of maintenance of the existing L.F.Dispensaries, will have to be similarly exempted in respect of the cost of the proposed

	Rs
Shimoga	23.

Saklespur	45.

Maternities

Maternities. The recurring cost to Government will be Rs 375/- per month, minimum, and Rs 750/- per mensem, maximum, on account of pay of the Lady Apothecaries to be newly appointed at Kallurkatte, Thirthahalli, Koppa, Mudigere and Saklespur.

4. To sum up, the initial cost on account of buildings and equipment of the Maternities comes to Rs 93,620, of which a sum of Rs 2500 is promised by the Mudigere and Koppa Municipalities, so that the cost to be still provided for is Rs 91,120. Whether the whole of this amount will be borne by the Government out of the P.W. grant or the Malnad Improvement grant, in view of the inability of the local boards to meet the same, is a matter for Government to decide. When this is decided, the question of meeting the recurring charges will not present any difficulty as the respective local Boards and Municipalities (except of the Hassan District) are prepared to meet the same.

I have the honor to be,

Sir,

Your most obedient servant,

D.Y. Chinnaiah

Senior Surgeon.

Proceedings of an ordinary meeting of the Tirthahalli town Municpal Council held on the 14th September 1914.

X X X X X

III. Read Deputy Commissioner's Order No. 502 dated 25th August 1914 forwarding Secretary's letter No. 1282-4/Med. 24-13 dated 1st August 1914, regarding the erection of a Maternity building at Tirthahalli.

Resolved that though the Board admits that there is every necessity for the erection of Maternity building at Tirthahalli it is unable to bear any portion of the cost as its financial conditions do not admit the same. According to the sanctioned budget, there will be a balance of Rs 13145 at the credit of the Municipality at the end of 1914-15. The town badly suffers for want of water in the summer and the Board have an idea of pumping water from the river and to supply pure water to the town through pipes. This costs a prodigal. The balance at the credit of the Municpality will be required to meet this charge. The Board requests that the Government may be pleased to erect these buildings out of Provincial Funds. The Board is willing to bear its ~~xxxxxx~~ quota of the maintenance charges provided the District Board ~~xgg~~ agrees to do the same.

Subject No. 18:- General and Revenue Secretary's No.1281-4/Med. 24-13 dated 3rd August 1914 calling for the opinion of the District Board in the matter of paying their quota of cost for constructing maternities at Shimoga, Sagar, Kallurkatte and Tirthahalli.

Resolution.

Resolved that the construction of meternity hospitals at these places is an urgent necessity, that the cost of the buildings at Sagar, Tirthahalli, Kallurkatte may properly come out of Malnad Improvement Funds and that for the one at Shimoga the Head Quaters of the District, the Government be moved to make a grant of the entire cost. The District Board is ready to meet its quota of the maintenance charges.

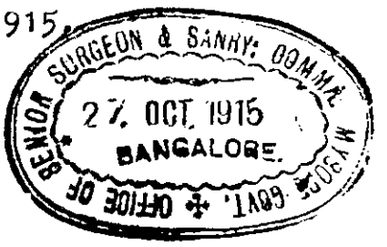
Proceedings of the meeting of the District Board convened at Chikmagalur on Tuesday the 28th September 1915.



Subject No. VIII.

Correspondence ending with Senior Surgeon's docket No. 610 dated 27th July 1915 regarding the establishment of maternities in Chikmagalur, Koppa and Mudigere:-

Resolution. The Board recognise the necessity and great usefulness of these institutions at all the above three places. Two thirds of the recurring charges of the maternity at Chikmagalur are being met out of District Funds, the remaining one third being paid by the Chikmagalur Municipality. The Board is accordingly agreeable to bear its quota of additional expenditure involved in the revision of the establishment of this maternity. As regards maternities to be established at Koppa and Mudigere, they regret their inability to bear their quota of recurring charges in the present ~~xxxxx~~ unsatisfactory state of their finances. They are of opinion that these charges may appropriately be met out of the Malnad Improvement Funds, the extension of medical relief being one of the primary objects of that scheme.

V (a) Read Senior Surgeon's letter No. 5544-46 dated 4-5-1915 -- requesting opinion of the Local Bodies concerned in the matter of meeting the usual share of the cost of the establishment of Meternities at Hassan and Saklespur, the initial and recurring charges for the purpose being estimated at Rs.18,600/- and Rs, 203/- per mensem -- respectively.

(b) Read Hassan Town Vice President's letter No. 272 dated19-5-15 stating that the funds at the disposal of the Municipality are not enough to bear such heavy charges to provide the necessary buildings for the Maternity, as there is a well established Mission Hospital at Hassan.

Resolution:- Resolved that the resources of the Municipality do not allow of the additional expenditure in question being undertaken, as will

Le

It will seen from the memo accompanying.

Years.	Opening Balaned,	Receipts	Toatal	Expenditure,	Closing balane
1912-13	8837	12,920	21,757	13,832	7,925
1913-14	8384	16,046	24,430	13,656	10,774
1914-15	10,258	14,440	24,698	17,919	6,779

It may be observed from the above that the normal expenditure exceeds the normal income of the Municipality as has already been noticed by Government in paras 4 and 5 of Government orders Nos. 10384-90/Ml.319-12-28 and 13101-7 Ml. 306-13-27 dated 27-6-1913 and 26-6-1914 respectively.

XII. Read Senior Surgeon's letter No. 5544-46 dated 4th May 1915 requesting opinion of the local bodies concerned in the matter of meeting the usual share of the cost of the establishment of Mate--rnities at Hassan and Saklespur, the initial and recurring -- charges for the purpose being estimated at Rs.18,500 and 203 per mensem respectively.

Resolution:- The Board regret that for reasons set forth in the explanatory memo they are unable to contribute their quota of the

the

(133)

the cost for the proposed Maternities.

The following extraordinary expenditure has devolved upon the District Board:-

(1) A compensation of Rs, 4,000 was paid to the Toll contractor Vasuraju, under Government order No. 6264-5-L.B.243-14-5 dated 15th February 1915.

(2) The construction of a bridge at a cost of Rs.8,000 over the Sankatirtha River in Alur Sub Taluk has to be undertaken under Government order No. 7110-2-L.B. 25-14-6 dated 13th May 15.

(3) A sum of Rs. 3,720 has been set apart towards special -- repairs of Hassan-Arsikere road as sanctioned in Government order No. 8595-8-L.B.224-14 dated 8th. May 1915.

(4) The Board has to meet 1/3rd cost of constructing a bridge at Kerlapur which is estimated at Rs.17,000, and in addition month -ly recurring charges are on the increase year by year.

Read letter No. S.S.L.L-46 dated 4.5.15 from the Senior Surgeon with the Government of Mysore to the Deputy Commissioner Hassan District, on the subject of Establishment of maternity

135 Resolved as follows: —

The Sattur Municipality is too poor to contribute either the whole or any portion of the required initial cost on buildings and equipment and the recurring charges on account of establishment and maintenance. Besides the establishment of a maternity is more to the benefit of the whole Taluk rather than that of the municipality itself. It will therefore be a legitimate charge on the District Board Funds.

Re proposal to start four maternities in the Malnad.

To 169 Med 24-13-1598-29.9.16

Rajakaryapravina, Rao Bahadur

T.V.Arumugam Mudaliar, Esq., M.B., C.M.,

Senior Surgeon in Mysore.

S i r,

With reference to the correspondence ending with your letter No. G. 351 dated the 1st February 1916 on the subject of the establishment of Maternities in ---- certain places in the Malnad, Government observe that ~~all~~ almost all the Local Boards ~~in a body~~ plead their inability to bear any portion of the initial cost of the maternities, while only some of the Boards are willing to bear their share of the recurring charges. It is obviously not possible for the Malnad Improvement Committees to bear these charges out of their funds.

2. Under these circumstances Government propose to open only four maternities -- during the current year, subject to the capital cost of the maternity buildings being met in equal shares by Malnad ---- Improvement Committees, the District Boards and the Municipalities concerned and the recurring expenditure being borne by the local bodies themselves according to --- existing practice in respect of dispensary charges.

3. I am accordingly to request you to

be

137

be so good as to report where you would propose the Maternities being started this year, after once again consulting the Local Boards as regards their share of the initial expenses.

I have the honor to be, &c.,

Secretary to Government,
General Department.

N.R.
